SYSTEM 40

A HELPING HAND

- Crank operation can be used on roller, roman, Vision® and Visage™ blinds giving you a new control option on multiple blind types.
- Child safe, a perfect option for schools, nurseries, hospitals as well as all domestic window blinds.
- For use on System 40® blinds with 9lb holding weight which allows you to make large blinds.
- This unique product features the ability to be operated as either left or right-handed control.

- Can be retro-fitted onto any System 40® open cassette blind for roller, roman, Vision® and Visage™ blinds to improve child safety.
- Smooth and easy operation with a detachable wand for cost effective performance.
- All the benefits of System 40® slide lock® operation, anti-fray bush guard, universal brackets etc.
- Can be used with all Louvolite open cassette systems, with colour options to co-ordinate with most interior colour themes.
