FITTING TWO ROLLER BLINDS ONTO ONE BRACKET PRESENTS MANY OPPORTUNITIES IN THE HOME.

Let in the natural light during the day and achieve total privacy at night – you can now achieve both with Louvolite's new System 40® double bracket for roller blinds. Not only are you finding a unique solution for your customers but you'll also achieve higher value sales by offering a number of roller blind combinations for different environments.

- The double bracket holds two individually operated roller blinds for maximum light control.
- A screen fabric alongside a blackout creates many shade and privacy options.
- Can also be used with Louvolite One Touch® motorised blinds for extra convenience.
- Co-ordinate with 70mm open cassette and matching fabric profile for a sleek appearance.
- Can be used with stand-alone brackets only.
- Bracket covers available in black, white and anthracite grey.
